

## Get your hands off my digital assets! Cybersecurity in 2020

**Dr Natalie Coull**

**Head of Division of Cybersecurity**

**School of Design and Informatics, Abertay University**

This lecture will explore how the public and businesses can protect themselves and their assets in a digital world. It will look at threats, defensive actions and what we are likely to face in the future!

Dr Natalie Coull has research interests in secure coding, digital watermarks and computer memory-based security concerns. She is interested in exploring the role of computer games in cybersecurity training, in collaboration with a leading strategic consultancy company in security and public safety. Natalie is actively engaged in outreach, including promoting female participation in cybersecurity and supporting initiatives to address the skills gap on cybersecurity.
